

Perma Tech MODULAR DOCK SEAL

MODULAR

Flexibility **SAVES** on Shipping, Installation & Cost

- **Fully modular**, interchangeable parts save lifetime costs and eliminate waste! Common wear areas can be quickly replaced.
- **Built to suit** any door up to 9' (w) x 10' (h) with up to 8" projection bumpers.
- **Compression seal** provides complete environmental enclosure, keeps your loading dock safe and saves on energy costs! OSHA and FDA compliant.
- **Super durable** Permalon wear face with full inside wrap on bottom pad – prevents tears caused by double-stacked pallets.
- **Saves on shipping costs.** The Perma Tech Modular Dock Seal ships in a stackable five-foot box. Complete dock seal fits in the back of a standard mini-van.
- **Installation is easy.** Light weight, maneuverable pads can be easily installed by one person.
